10/29/95

Dear Mr. Zani,

You should by now have received my second letter that I wrote when your delayed letter reached me.

I'm sorry it is not possible for me to be of any help.

You have made a number of xx vague references to a connection of your case or knowledge with the assassination of President Kennedy.

If you feel you can tell me anything about that I would, of course, like to know it.

Sincerely,

Harold Weisberg
